

for Virtual Training using VLMS in the Banking Sector

PeopleLink solves the problem of bridging the gap between trainers and learners. The technologies applied transform the authentic brick and mortar classroom into a global learning platform. Students can learn directly from experts on various subjects, ask questions and collaborate with peers without shifting base.

The Issue

The PeopleLink Solution

What are Your Needs:

The need to have a learning management system (LMS).

PeopleLink Acumen: Manage Teaching

- Create training courses.
- Offer learners video lessons.
- Offer course subscriptions.
- Manage content delivery, assessments, analytics of syllabus completion.
- Ensure that lesson plans are followed as per schedule and the syllabus is completed on time.

The ability to facilitate long-distance training?

Enable efficient knowledge transfer?

The need to ensure that the content delivered to trainees across branches is standardized.

PeopleLink Acumen: Standardize teaching delivery

- Central content repository.
- Control pedagogy.
