

PeopleLink WM Speaker

PeopleLink High Performance Wall mount Speaker

PeopleLink wall mount speaker is ideal for Meeting rooms, Conference rooms, Class rooms and Auditoriums. With high power handling and a 5.25-inch polypropylene woofer, the speaker delivers superior sound that covers large spaces. It has a "Fully Sealed Design" with aluminium grilles which allows it to be fully exposed to all outdoor conditions and yet have the ability to deliver high quality sound for all conference room environments. Dual-axis mounting solution allows a range of rotations 90 degree vertical and 170 degree horizontal.

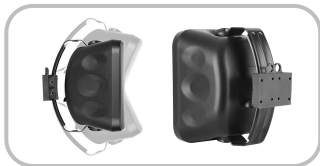

Features :

- **Fully sealed design**
- **Dual-axis:** Dual-axis vertical or horizontal mounting option provides the absolute best sound coverage.
- **Titanium Dome Tweeter:** reproduces high frequencies with extreme accuracy.
- **Polypropylene Woofer:** Maintains a uniform dispersion pattern at all frequencies in its range and produces a cleaner sound to the listener.
- **Heavy-Duty Terminal Connectors:** for superior connectivity and longer operating life.
- **Dustproof and Water-Resistant IP Rated Design:** Perfect for high humidity areas.
- **Shielded Grill:** Offers additional protection from dust and damage.

Multi Channel Console DSP
