PeopleLink Speakerbar

[Watch Video](#)

The PeopleLink Speakerbar is the ultimate audio communication solution for conference rooms and classrooms. This cutting-edge device guarantees unparalleled audio quality and expansive coverage, making it the go-to choice for professional and educational environments. With its built-in subwoofer, the PeopleLink Speakerbar delivers crystal clear sound, elevating your communication experience. Control is at your fingertips with the convenience of a remote, ensuring seamless operation. The auto echo cancellation feature takes it further by suppressing unwanted noise and echo, guaranteeing that your audio remains pristine and interference-free. Elevate your conferencing and teaching experiences with the PeopleLink Soundbar Plus, where superior audio meets effortless control.
