

V 1.0 - 102024

Telehealth Cart

The Telehealth Cart stand-up workstation promotes ergonomic benefits for both sitting and standing. This economical design features a sliding keyboard shelf, optional CPU holder, and four lockable casters for easy mobility. Adjusting from 57" to 69.3" and measuring 620(L) x 500(W) x 1450-1760(H) mm, it supports up to 70 kg. Made from an aluminum column, metal base, and MDF shelf, it includes a cable management system for organization. Compliant with VESA standards (75x75 mm, 100x100 mm), it reduces sedentary habits, alleviating back and neck strain. Its sleek design suits any décor, making it ideal for offices and trade shows.

Key Features

- **Height Adjustable:** Smoothly adjusts from 57" to 69.3" for comfortable sitting or standing positions.
- **Ergonomic Design:** Reduces back pressure and neck strain, promoting better posture and reducing sedentary habits.
- **Mobility:** Equipped with four casters (two lockable) for easy movement, making it suitable for various environments.
- **VESA Compliant:** Supports monitors with VESA standards (75x75 mm, 100x100 mm), ensuring flexible monitor mounting.
- **Ample Workspace:** Large surface area (25.39" x 14.37") provides space for standard-sized mice, keyboards, and reading materials

General Specifications

Mobility : Four casters (two lockable) for easy mobility
